

2018 VINTAGE

This Abeille transports us into the springtime with cherry trees in blossom and aromas of lime trees, dill, straw, acacia, white flowers and even flint, which are typical of our Graves terroir at Fieuzal.

There is a remarkable finesse and aromatic intensity.

The colour is of pale straw, with golden tints. This blend, which is slightly Semillon dominant, is generous in the mouth with a pronounced rich texture, fine balance and a touch of salinity towards the end. A very light tannic edge gives this Abeille de Fieuzal a wonderfully long finish.

This wine is perfectly suited to a wide variety of different culinary associations.
