

Harvest from 16 September au 1 October

2

Mild and normally rainy winter.

The Gironde protected us from frost in April. In June, following heavy rains and high temperatures, the vine started a sudden spurt of growth.

The summer was marked by wide temperature variations and rain, requiring constant attention.

Interruption of the harvest to bring our great Cabernet Sauvignon to the desired phenolic maturity

0

40% Cabernet Sauvignon

60% Merlot

Barrel ageing - 14 months

Alcohol - 13,3 % vol. pH - 3,72

2

The elegant texture on the palate is exceptionally refined and delicate. The good acidity on the mid-palate gives excellent support to the precisely crafted tannic structure. The mouthfeel and length on the palate are remarkable.

0

GRAPE VARIETIES

58 % Cabernet Sauvignon

39% Merlot

VINEYARD - 70 hectares 1,5% Petit Verdot

AVERAGE AGE- 35 years old 1,5% Cabernet Franc
